

PRESENTATION OF AWARDS

AVIATION AWARD OF EXCELLENCE:

The Aviation Award of Excellence was established in 1996 to recognize both outstanding service to the Airport Authority by its employees who went above and beyond the requirements of their jobs, and to recognize and thank local businesses and organizations that in a variety of manners made a contribution that either directly benefited the airport, or advanced the importance and significance of aviation in our community. Only a handful of these awards have been distributed since 1996.

Most recently, the significant contribution of TCC Corporation in its generous donation of landscape materials and supplies, and the actual construction of improvements to the Greeley-Weld County Airport main entrance sign, demonstrated a significant commitment to a project important to the Airport Authority, but difficult to actually fund. TCC Corporation's contribution of plants, trees, flowers, landscape rock, and actual re-construction of the entrance sign, have allowed this project to finally be undertaken and completed. This contribution is greatly appreciated by the Authority, and in return, we present to TCC Corporation our highest honor, the Greeley-Weld County Airport Aviation Award of Excellence.
